

EUCLID UNIVERSAL COLOR PACKS

COLORANT FOR JOINT FILLERS, SEALANTS, CURE & SEALS, REPAIR MATERIALS, AND COATINGS

DESCRIPTION

Euclid Universal Color Packs are used to pigment Euclid Chemical solvent based cure & seals, joint fillers and sealants, polymeric repair materials, and epoxy coatings. Formulated from high-quality, concentrated pigments, Universal Color Packs are available in 33 standard colors, eliminating the need to keep a large inventory of construction products in multiple colors. Simply mix Color Packs into the products listed below to create a custom look with color.

PRIMARY APPLICATIONS

Euclid Universal Color packs can be used to pigment:

- Euclid Chemical solvent based cure & seals
- Eucolastic 2NS and Eucolastic 2SL
- QWIKjoint UVR
- Euco QWIKstitch
- Euco 700
- Dural 340 NS and SL
- Duralkote 240
- Duraflex Fastpatch

FEATURES/BENEFITS

- Easy to dose and mix in
- Convenient, low-waste packaging
- Available in 33 colors

PACKAGING

Euclid Universal Color Packs are packaged in cases of six Packs.

SHELF LIFE

The shelf life of Euclid Universal Color Packs is four years when stored properly in original, unopened packaging.

DOSAGE

Diamond Clear
Diamond Clear 350
Diamond Clear TB (Canada only)
EverClear
EverClear 350
EverClear TB (Canada only)
Lusterseal 300 and Lusterseal 350
Super Diamond Clear
Super Diamond Clear 350
Super Diamond Clear TB (Canada only)

Dosage for all of the above cure & seals is 1 to 5 Color Packs per 5 gallon pail, depending on the deepness of color desired. A test section is required to determine the number of Color Packs needed to achieve the desired appearance. Darker colors typically require fewer Color Packs than lighter colors.

QWIKjoint UVR: 1 Color Pack per 10 gal unit of Neutral Base
Eucolastic 2NS, 2SL: 1 Color Pack per 1.5 gal kit of Neutral Base
Duraflex Fastpatch: 1 Color Pack per kit
Euco QWIKstitch: 1 Color Pack per 2 gal unit
Duralkote 240: 1 Color Pack per 2 gal unit of Neutral Base
Euco 700: 1 Color Pack per 2 gal unit of Neutral Base
2 Color Packs per 10 gal unit of Neutral Base
Dural 340 NS, SL: 1 Color Pack per 4 gal unit of Neutral Base
2 Color Packs per 10 gal unit of Neutral Base

DIRECTIONS FOR USE

Refer to the Dosage section on the front of this sheet for information on the number of Color Packs to add to each product.

Solvent based cure & seals: Add the Color Pack(s) to the pail of material and stir or agitate gently. During application, stop to stir or agitate the pail or sprayer occasionally to keep pigment uniformly dispersed. Apply pigmented cure & seal thinly and evenly; uneven or thick application will result in unsightly roller or spray lap marks. Follow the coverage rate and application instructions described on the cure & seal technical data sheet.

QWIKjoint UVR: Before pouring into dispensing pump reservoir, add one Color Pack to Part B and mix with a drill and paddle at slow speed until the color is uniform with no streaks.

Eucolastic 2NS and Eucolastic 2SL: After adding the curing agent to the Neutral Base, add Color Pack and mix for 6 minutes with a drill and catalyst mixing blade.

Duralflex Fastpatch: Mix Color Pack in Part A until the color is uniform.

Euco QWIKstitch: Mix Color Pack in Part A until the color is uniform.

Duralkote 240: Mix Color Pack in Part B until the color is uniform.

Euco 700: Mix Color Pack(s) in Part A until the color is uniform.

Dural 340 NS & SL: Mix Color Pack(s) in Part A until the color is uniform.

After adding Color Pack(s), proceed with mixing and placement instructions found on each individual product's technical data sheet.

PRECAUTIONS/LIMITATIONS

- Do not use Color Packs in products other than those listed on this technical data sheet.
- In all cases, consult the Material Safety Data Sheet before use.

Rev. 05.14

WARRANTY: The Euclid Chemical Company ("Euclid") solely and expressly warrants that its products shall be free from defects in materials and workmanship for one (1) year from the date of purchase. Unless authorized in writing by an officer of Euclid, no other representations or statements made by Euclid or its representatives, in writing or orally, shall alter this warranty. EUCLID MAKES NO WARRANTIES, IMPLIED OR OTHERWISE, AS TO THE MERCHANTABILITY OR FITNESS FOR ORDINARY OR PARTICULAR PURPOSES OF ITS PRODUCTS AND EXCLUDES THE SAME. If any Euclid product fails to conform with this warranty, Euclid will replace the product at no cost to Buyer. Replacement of any product shall be the sole and exclusive remedy available and buyer shall have no claim for incidental or consequential damages. Any warranty claim must be made within one (1) year from the date of the claimed breach. Euclid does not authorize anyone on its behalf to make any written or oral statements which in any way alter Euclid's installation information or instructions in its product literature or on its packaging labels. Any installation of Euclid products which fails to conform with such installation information or instructions shall void this warranty. Product demonstrations, if any, are done for illustrative purposes only and do not constitute a warranty or warranty alteration of any kind. Buyer shall be solely responsible for determining the suitability of Euclid's products for the Buyer's intended purposes.
